

KARIM MOHAMED

FRONT - END DEVELOPER

+201008795765

karem109k@gmail.com

Egypt, Alexandria

PROFILE

I'm a Front End web developer. I mostly develop websites/ web applications using JavaScript and using ReactJs. I have a good knowledge of software development in general as well. These days I'm learning more about software architectures and at the same time I try to learn more algorithms and detailed stuff. Many web developers don't pay attention to small algorithmic or architectural details but hopefully I'm not the one!

SKILLS

- HTML
- CSS / Sass / Tailwind
- JavaScript / TypeScript
- ReactJs / NextJs
